

Packaging Range: Deliver your card in style

SlidePack medium

Amaze your customers with a very impressive sliding pack

> SlidePack benefits

The slide pack is an eye-catching packaging. By pulling one side of the package, it opens both sides. A transparent plastic window is available as an option to let card appear when both sides slide.

- Ergonomic design for an innovative packaging,
- Ideal to strengthen promotional issuance,
- Original and modern way to emphasize card value,
- Customizable packaging with many spaces available to communicate with card holders,
- Your brand and communication detailed inside and outside,
- Can be wrapped or direct-mailed.

> Standard features
